Also Maps and House Directory of Ann Arbor and Ypsilanti, and Maps of Washtenaw County and the Villages.

SOLD ONLY BY SUBSCRIPTION.

GLEN V. MILLS,

Publisher.

The Inland Press. 1895.

Entered according to act of Congress, in the year 1896, by GLEN V. MILLS, in the Office of the Librarian of Congress, at Washington, D. C.

#### PUBLISHER'S ANNOUNCEMENT.

Without apology or excuse the Publisher presents the 1896 edition of the Ann Arbor, Ypsilanti and Washtenaw County Directory to the Public.

The directory of the "Twin Cities of the Huron," has become under the present management, without a peer among publications of this nature, for completeness, for accuracy, for style of arrangement, and for material used in its construction; to attain this degree of perfection, neither time nor expense has been spared.

The Publisher gratefully acknowledges the substantial recognition which the business men of the County have accorded him, and who by their liberal patronage have made it possible for so thorough and complete a directory to be issued.

The Publisher wishes to call the attention of patrons to the map of Washtenaw County, which has been drawn by a competent engineer expressly for this edition.

A personal canvass has been made of the County and an effort made to get the names of the land owners, both resident and non-resident, together with names of families residing in the farm community, making a complete directory of both property and people in the portion of the territory covered by this work.

The fifth edition of the Ann Arbor and Ypsilanti Directory will be issued in December, 1896. GLEN V. MILLS,

Publisher.

# BEGIN THE NEW YEAR RIGHT

\*\*\*\*\*\*

During the year 1896 you will be called upon to order more or less printing. No well regulated and up-to-date business establishment can do without printing. The serious question that will confront you is "where can I get the best?" Before placing your orders for 1896, look into the advantages of THE INLAND PRESS, of Ann Arbor, Michigan. This firm has been in business long enough to have that experience necessary to produce perfect printing, and has a reputation for doing this that few concerns possess. There is no job-from the smallest card to the richest and most artistic art printing-they cannot supply. Specimens and estimates gladly furnished.
